BADGER CITY OFFICIALS RECEIVE SALARIES RANGING UP TO FIVE THOUSAND

(Special to The Gazette.)
Madison, Wis., Feb. 28.—The size of salaries paid to city officials in the 123 cities of Wisconsin has been investigated by the municipal reference bureau of the University of Wisconsin extension division and recorded in tabulated form. The cities range in size from 352 inhabitants to 373,321. The offices under consideration include mayor, councilmen, city treasurer, city clerk, health officer, city engineer and city attorney.

In thirty-one cities the mayor receives no salary. The highest salary paid any mayor is \$5,000 a year—paid by Superior. Two cities, Milwaukee and Oshkosh, pay the mayors \$4,000 a year. Eau Claire and Green Bay pay \$3,500. Fond du Lac and Appleton pay \$3,000 and Ashland and Janesville pay \$2,500. The others range from small towns receiving from \$300 to \$1,500 a year.

In twelve cities of the state the councilmen or commission members receive salaries of more than \$1,000 a year. The cities are Antigo, Appleton, Ashland, Eau Claire, Fond du Lac, Green Bay, Janesville, Menomonie, Milwaukee, Oshkosh, Portage and Superior. In other cities they are paid by the day for attendance at meetings, or a small monthly fee.

City clerks receive salaries in all Wisconsin cities. In four cities, Kenosha, La Crosse, Milwaukee and Racine they receive \$2,000 a year or more. In twenty-nine they receive between \$1,000 and \$2,000 a year. In the others they receive from \$30 to \$1,000. In one city they are paid by the day. The largest salary paid any city treasurer is \$5,000 a year, in Milwaukee. In La Crosse \$2,700 a year is paid; in Racine \$2,500, and other cities receive from \$300 to \$1,500 a year. One is paid by fees.

The most highly paid health officer in the state receives \$5,000 a year—in Milwaukee. Six are paid \$4,000 a year, three receive \$3,000. Madison pays \$1,200 a year, and other salaries range from \$10 to \$600.

Twelve cities in the state hire their city engineers by the day, four by the hour, and one by the month. Milwaukee's city engineer receives \$5,000 a year, thirty-four more receive \$1,000 and more, and the others are paid in fees or smaller annual salaries.

The salaries of the city attorneys of the state range from \$25 to \$4,000—the latter is paid in Milwaukee. Six are paid with fees, and fourteen receive \$1,000 a year or over.

NEW TRACTOR FIRM HAS GREAT SUCCESS DURING FIRST YEAR

R. C. Townsend's Patented Feature Brings Capacity Orders to New Janesville Company.

A little over a year ago, when plans for the erection of the Janesville Tractor company's present plant were being discussed, R. C. Townsend, the president of the company and the inventor of the leading feature of the tractor, predicted that in the first year the company would be able to turn out thirteen machines. Unless absolutely unforeseen circumstances arise, two hundred tractors will be completed in the first year of operation. This large production is but typical of the growth and the rather phenomenal success which has been achieved by the young firm in the short life they have led in this city.

Early in December the representative of a large Canadian sales organization, sort of cooperative consignment, established to secure for the widely scattered farmers of the Dominion some expert, organized buying factor which could bring to them the best of the world's produce, stopped in Janesville after a tour of the country in which he had investigated and studied practically all of the leading kinds of tractors. He looked over the product and, two weeks later an order was received for one hundred and fifty tractors, to be delivered by the first of next August.

One of the features of the tractor, which is one that was largely instrumental in influencing the Canadian order, is the combined frame and radiator, the invention of R. C. Townsend, and perhaps the most important point of difference from the other makes of tractors. The frame, instead of being made of angle iron, or structural steel, is made of boiler material and the shape of a boiler, which is then used for a radiator as well as a frame, thus economizing in space, number of working parts, and adding strength.

The machines at present made in Janesville are of two types, one of 10-20 horse power, and a larger one rated at 12-25 horse power, the first figure in each case representing the numerical equivalent in horses that the tractor will pull in the field, and the latter the belt horsepower delivered.

Despite the youth of the firm and the lack of a powerful national financial organization, they are constantly obliged to turn down orders. Recently a large Kansas City company wanted quick deliveries on 100 machines, but were refused. A telegram only two months old, dated in the month of January, yet, the firm plans growth which will gradually be able to meet the excessive demand. At present there are eighteen men employed, working every day, and the work is not even with the work. As soon as possible thirty men will be taken on and the plant run with two shifts, day and night.

The firm intends enlarging the plant inside of a year, and as the trade demands, it will increase the number of models put out. All machines will conform to the same general plan, but will be in whatever sizes the country demands. So far the local concern has been most fortunate in securing materials, and while they have been held up to some extent, expect to be able to get the full or an even enlarged capacity all the time.

The company is a partnership with seven Janesville men holding the bulk of the capital. It is not merely a machine work on its tractors. It is a success, and is growing fast. It is a credit to this city and to the Janesville milk back to the Janesville Exchange that made the plant possible.

ROBINS SPENT WINTER AT BINGHAM'S POINT IN SAFETY

Edward Bingham, of Bingham's Point, Lake Koshkonong, is the authority for the statement that between thirty and forty robins wintered at Bingham's point during the winter, and are at present in a healthy and fat condition. They have nested during the winter months in the wild grape vines on the Bingham point and are now nesting in the corn fields and are apparently enjoying life and will be able to tell wonderful tales of their winter experience when the more than thirty friends return from their southern pilgrimage. It is also stated that many more ducks than usual have remained north this winter. They find the water in the corn fields and are seen swimming in the spring holes and open waters of swiftly running streams.

LOOK OUT FOR MILD RASHES. IT MAY BE SCARLET FEVER

Mothers, look out for mild rashes on the skins of your children. It may be scarlet fever, a grave danger from slight rashes, said a prominent physician in a warning issued to parents yesterday. "When these rashes are not attended to, they often lead to the very serious forms of scarlet fever or measles. Don't pass up a skin infection as trivial. But call your family doctor and protect your own and other people's children."

COUNTY PHYSICIANS BANQUET AT MYERS

Forty-eight Doctors Attend Meeting Last Evening—Discuss—Raise in Fees for Daytime Calls.

The meeting of the Rock County Medical Society was held in the ordinary at the Myers hotel last evening, where dinner was served to forty-eight physicians. Dr. Elster of the medical college at Madison presided at the meeting and the program of the evening was most interesting. Dr. Elster presented a paper on "Unusual Abdominal Conditions." His paper was discussed by Drs. Pember and Parker.

The regular business meeting was held and several points of interest to physicians were discussed, among which was the proposed increase of fees in Janesville to correspond with those now in Beloit and other surrounding cities. This seems to be necessary from the fact that supplies that are used in the business have increased from \$1.00 to \$1.50 per unit. The price of night visits has already been raised from two to three dollars, after nine o'clock in the evening and before seven o'clock in the morning. There will probably be an increase in the day visits from \$1.50 to \$2.00. This will be put in effect on the 15th of March, the exact date not yet being determined.

The meeting was conducted by Dr. Nuzum, the newly elected president, and it was through the efforts of Dr. Nuzum that the meeting was so successful, and there was such a splendid turnout.

VOICE OF THE PEOPLE

To the Editor: "A Patriot" by "A Patriot" in the Monday's Gazette, it is not made clear what our "national anthem" spoken of is, unless, perhaps, at the close where reference is made to the "voice of the free and the home of the brave."

Is it not true even while we know that the air of our "America" is England's "God Save the King," that it is really our National Hymn?

I am of the opinion that had "America" been played by the orchestra at the occasion, the thought he was impersonating President Wilson, or had "A Patriot" done the thing others are criticized for not doing, the audience would instead of being bored, have been interested. I would like to ask: Why did "A Patriot" not rise to the occasion? Was it a matter of "inconvenience" or were I to make criticism of the individual, making up the said audience, it would be on the ground of lack of initiative, for I am prone to lay the reason for my own shortcomings at the feet of others who make the same mistakes.

Personally, I am not stirred by the music of "The Star Spangled Banner," but I am by "America" PATRIOT.

To the Editor: The letter in Monday's Gazette, signed "Patriot," calls, I honestly believe, for a defense of the audience so criticized.

The letter seems to be a demand that people should show sentiment involving their deepest emotions at the bidding of anyone who chooses to trade on this sentiment. The American flag and the American anthem, exploited by a vaudeville performer, who is conscious that the audience of it, and not for the sake of the flag, is an absolutely different matter from the American flag and the American anthem presented in some congregation of people where there is a genuine feeling of patriotism. It is also a different matter from where a man, coming into the presence of the flag, salutes it, or bows his head, or the American anthem rendered with a sense of its meaning, he stands, to do it honor.

The performance of Thursday evening utterly precluded any display of sentiment. The act consisted of mediocre "imitations" of various politicians, including Bryan, McKinley and Roosevelt. The violinist had been directed to abandon the playing of the American anthem and to play the music, and assist the act with accompanying airs on his instrument, as a presumable help to recognition of the characters. For instance, "The Weir" was the melody during the representation of President Wilson; "A Ball, Bottle and a Cold One" during the "imitation" of Bryan; and, anyway, "The Star Spangled Banner" was recognized as the air played during the space of time we were asked to look upon "Roosevelt," and "America" while "McKinley" was supposed to be playing.

The lethargy of the audience arose, to one's observation, from its complete understanding that the display of flags and the strains of the American anthem, which had been the taste of the affair, were merely a part of the act and designed solely to draw applause where the performance itself could not draw it. The violinist could not draw it in so many words: "Here, I'll wave your flag before you, because I know it might arouse you, and, in return, you applaud me for my poor act, which I know will not arouse you." As neither the performance nor the tricky appeal to sentiment succeeded, the resultant applause was meager.

Anyone who has ever frequented a theatre knows that when a performer in the varieties is not sure of getting his act "across," he finds some excuse to get out and wave a flag. Only in one case out of ten will this maneuver arouse genuine enthusiasm. If any of the American statesmen who were "imitated" were to have appeared in person before that audience, Thursday or Friday or Saturday, and the orchestra was to have played either of the two purely American songs, there is not the shadow of a doubt that, regardless of political sympathies, sufficient indications of patriotism would have been instantly and rousing demonstrated.

Perhaps, though, your correspondent and others may feel, notwithstanding that, whenever and wherever the flag is shown and the anthem played, an immediate movement of respect should be forthcoming from any citizen near. If so, allow me to recall to memory the advertisement of a certain merchant of this town, who, in connection with his display on the screen, had pictured prominently an American flag. If the performer of the act, and the audience, and the grandstand, and expect Americans to make the salutation which expresses so much, and if "Patriot" insists that this should be so—then, why, then, why should the flag and the anthem be used solely in a commercial sense; therefore, it did not appeal to his love of country. In the very same way, then, was our national anthem exploited last week, and the audience, and the grandstand, and expect Americans to make the salutation which expresses so much, and if "Patriot" insists that this should be so—then, why, then, why should the flag and the anthem be used solely in a commercial sense; therefore, it did not appeal to his love of country. ANOTHER GREAT SHOW IS S. W. A. A. EXHIBIT

RATTLING FAST AND CLEVER
BOOTS FEATURE PROGRAM
BEFORE LARGEST GATHER-
ING OF THE SEASON

BILLY MANNS WINNER

Takes Wind-up Feature From Harry
Schuster of Milwaukee—Swann
Meets His First Defeat.

GAZETTE DECISIONS.
Billy Manns, Cleveland, beat
Harry Schuster, Milwaukee (10).
Billy Kautz, Racine, beat Ed.
Boehme, Milwaukee (8).
Frankie Rumore, Rockford,
beat Ed. Nichols, Milwaukee (6).
Kid Moha, Oshkosh, beat Bat-
tling Swann, Janesville (6).

Billy Manns of Cleveland, by a fair margin, beat Harry Schuster of Milwaukee in the ten-round feature winding up the S. W. A. A. show at the auditorium last night. Manns had the slide in the second and third, fared little better in the fifth and won the fourth and ninth. Schuster is awarded the sixth and seventh. Both men in the eighth and ninth rounds, both men striving hard to recover lost ground and deliver the knockout blow.

The biggest house of the season witnessed the card. While the battles of dates past during the season have been of the A. 1 variety the card of last night more than eclipsed any previous program of the S. W. A. A. There was not a complaint heard on either side. George Duffy kept things moving in the ring to the utmost satisfaction. When the fighters stalled he ordered them to get busy. On the floor below a few garrulous individuals were quieted by boxing commission representatives and on the whole the entire evening was devoid of any hoodlaming.

Summing briefly the results of the lead up bouts Frankie Rumore's aggressiveness beat Ed. Harris of Milwaukee; Billy Kautz of Racine, won from Ed. Boehme of Milwaukee, and Battling Swann, the local boy, met his first defeat when he clashed with Kid Moha, a tough little nut to crack, from Oshkosh.

Swann was originally matched with Zps Schuster, Oshkosh, but the latter broke his arm and Moha was substituted. Kautz, the Racine lad, came on for Battling Check of Sheboygan, who is suffering from a bad case of tonsillitis. The substitutions really made the exhibit a better one than had the originals been on.

Manns went into the ring at 141, a slight favorite with the bugs because of his previous appearance here. Schuster touched the scales at 142.5 and had quite a large delegation of backers. The Milwaukee boy forced the fighting in the first and landed several telling blows. Manns was moving with deliberation and feeling for an opening. He went down before the round was half over but it was not from any blow from Schuster.

As far as the fifth Manns had a good shade. Schuster came back strong in the sixth and Manns entertained a lot of punishment in this and the next round. The latter was forced to the ropes several times in the seventh. The hard fighting of this round

told on both in the next and it was slow, a 50-50 split for points.

The ninth was lightning fast with Manns always on the retreat, a feat of skill which permitted him to get in jab after jab to Schuster's face and head as the Cream City fighter's anxiety to land the telling punch forced him to the lead which Manns backed up and in his cunning retreating continued to take advantage of the openings and get in the blows which counted most, his straight left to the jaw. Time and time again as Schuster came up Billy's straight arm, a la football, stopped him with a jar. These blows slowed Schuster up considerably.

The battle was the prettiest seen in the ring this season. Toe to toe they stood and gave and took in return.

Billy Kautz, of Racine, deserved to win over Ed. Boehme of Milwaukee. Fans today are figuring that these men would have a far better fight than would have Check, the Sheboygan smithy, and Boehme. Kautz went into the ring under circumstances which would have kept another fighter beneath the quilts. The night before he had been beaten by Joe Bishops over at Racine, the mill going the Badgerdom limit. Yesterday morning he started from Racine at two, five hours on the road. Billy was anything but lively as a cricketer as he left his dressing room but his determination to retire for his defeat of the previous evening won for him over Boehme.

Kautz took the third, fourth, seventh and eighth rounds and had the shade in the fifth. He was as clever a lad to the tricks of the ring as has been seen here in many a year. This was not any more pronounced than in the fifth when after Boehme had backed him to within a foot of the hemp he let himself fall heavily backwards and taking the three ropes full, came forward as they drew taut and before the bewildered Milwaukeean could recover had landed twice to the jaw.

Both were clever in the clinches and Duffy had his hand full watching the wearing down blows which seemed to be delivered by both fighters from almost nowhere. They were all to the body and visibly told on each butler Kautz was continually landing to Boehme's jaw and face. The latter, in the opening round, opened up an old cut on the Racine lad's nose, an ugly inch and a half long affair. Boehme also sent a jab to Kautz's right eye and opened an incision a slight bit to the right. This was in the third.

The boys spent most of the third in the clinch with Duffy slapping them on the back. Kautz got in several telling blows before the gong sounded, however. Kautz went down in the eighth when he slipped. Recovering he began a machine gun rattle of blows to Boehme's upper works and turned.

Although Frankie Rumore of Rockford may or not be a "dago" it behooves local fans to hand him the bigger end of the wishbone after what he did to Ed. Harris of Milwaukee last night. As has been printed before in these columns: Harris may be a boxer and somewhat of a hoochie-koochie dancer but he's no fighter. Rumore settled Harris' pawing on the S. W. A. A. for his meal-ticket once and for all last night. Harris has no more punch than a jack rabbit while today he must be realizing that whatever the Rockford boy's nationality is the youngster must have some relation to the Krupps. Frankie's limbering up his artillery kept Harris hopping about just like a bullfrog, his mits over his neck and his

elbows guarding his face.

They had to be told to fight in the first and the second but after that Rumore didn't. Harris goose-stepped a lot and did his bullfrog act and took a lot of bad bumps. Frankie was putting all his weight behind them and Harris couldn't do a thing. Rumore banged him one on the ear in the third and the Milwaukeean took nine on the mat. He was up but about thirty seconds when he went down again and took eight. It looked like a knockout but the bell saved Harris.

More condemnation fell on Rumore in the fourth when he landed what seemed to be a low blow. It was not low. It was aimed just above Harris' floating ribs but the latter, with a downward jab of his right sent the glove scraping along his stomach so that when the waiting was reached Rumore's glove just grazed Harris' thighs.

Eddie Nichols of this city challenged that winner of this bout. It appears that he will have to meet Rumore again. The latter defeated Nichols several weeks ago. Nichols and but three days to train at the time. The prospective bout meets with favor locally.

Although Kid Moha of Oshkosh, beat our Battling Swann one has to appreciate the local lad for what he did last night. He was ticked in the third but you couldn't get him to admit it. From the start it was apparent that Moha was the more experienced fighter and that his skill would win for him.

Swann was the gamest man that appeared in the ring last night. Give any one of the other fighters the punishment he got up to the fourth and it is safe to say the sponge would have been up on the mat. But not for Swann. He was there to fight and fight he did to the best of his ability. His face was smashed to a pulp but he would not quit. Moha couldn't make him.

Swann's defense was poor and he admitted it himself. He improved since he met Spike Peck several weeks ago but the improvement was not sufficient to prevent Moha from tagging through. The battler staggered Moha in the second with a heavy swing to the right jaw followed up by one to the other side. In the fourth, Moha, in rapid succession, landed six straight jabs on Swann's face. The latter held his own in the fifth and won the sixth but on points for the entire route Moha must be declared the winner.

It was announced that the next show would be on the evening of Tuesday, March 20.

MAROONS DOWN PURPLE QUINTET IN BIG NINE GAMES

Coach Page's Maroon basket tossers took a thrilling game from the Purple last night in the Patten gymnasium, Evanston, 25 to 22. It was the best exhibition of basket shooting seen this season on the home floor. Both teams pulled sensational shots, but the latter fortune of Captain Townley's men at long range gave them the game. Clark, Bent, Gorgas and Townley

lost successive shots in the first half from the sidelines. Captain Underhill scored the best thriller when he caged one from past the center ring.

Clark of Chicago started the scoring with a free throw and Bennett put the Purple ahead with a field goal. Northwestern led, 5 to 3, after another basket by Ellingwood. The Maroons soon took the lead and maintained it until the end of the half, which ended 17 to 15. Bent gathered four personal fouls and retired in favor of Rothermel.

CENTER

Mrs. Esther Parmley.

Funeral services for Esther Daniels Parmley, who passed away Tuesday, February 20, were held from her late home Thursday afternoon at two o'clock. Rev. Clark W. Cummings of Janesville, reading the last rites and administering words of comfort to those who are left to mourn the loss of a mother and grandmother.

Mrs. Parmley passed away after quite a prolonged illness, due somewhat to the effects of a severe attack of grippe and together with her advanced age, was unable to withstand the complications brought on by the grippe. She was born in Monroe, Ashland county, Ohio, and when but a small child moved to Jefferson county, Wisconsin. In 1846 she was united in marriage to James Babcock of Troy Center. To this union two children were born. Mrs. Nellie Fisher of Center, with whom she had lived for many years, and a son, Wm. A. Babcock, of Alma, Neb., and another son, G. R. Harrison, of Sebastopol, Calif.

After the death of her husband in 1865, she moved to the town of Center, where in the year 1868 she became the wife of Curtis W. Parmley, who too passed away, in 1880, since then she has resided with her daughter, Mrs. J. H. Fisher. The song service was rendered by a quartet from the Christian church of Janesville, of which the deceased was a member.

Mrs. Cummings, Mr. and Mrs. F. E. Sadtler and Mr. Dickinson. The pallbearers were Mr. Grandsons, Clayton, Chas. and Graham Fisher, Will Sar-

ow, Ed Hackbarth and Seth Crall. Many beautiful floral tributes were in evidence from relatives, neighbors and friends. A devoted mother and grandmother has gone to her long home. "May He who tempers the wind to the shorn lamb, send them the consolation we of earth can not give."

TWENTY-TWO CITIZENS ENROLL IN COURSE FOR SCOUT MASTERS

[SPECIAL TO THE GAZETTE.]

Madison, Wis., Feb. 28.—Scoutmasters for Boy Scout organizations are being trained in a new course, entitled "Scouts and Scouting," which has just been started by the University of Wisconsin extension division under the direction of Dr. J. G. Eason, of the physical education department. It is the first course of its kind conducted by the university and at present consists of a weekly class held in Madison.

Twenty-two citizens of Madison have already enrolled in the class, and a number of other applications have been entered. Judge A. B. Rosenberry of the supreme court, was the first

student to enroll in the course. The work in scouting, as it is now given, can be taken only by persons who live in and near Madison, but it is hoped that the instruction will soon be given by mail so that anyone in the state may take it.

The study of "Scouts and Scouting" consists of five parts. The first deals with interests and instincts of the boy, his physical and mental characteristics, social and moral development, and the connection of the out-of-door with character building. The second part takes up the form and content of the scout program, the third principles and methods of application, the fourth community and civil aspects, and the last consists of practice work.

Lectures and practice work will make up the course of study. The Boy Scouts and boys' clubs of Madison will provide practice work for students in the course, and the latter part of the year the work will be done out-of-doors in actually conducting scout groups.

The scout requirements include knot tying and the use of ropes, signalling by Morse and semaphore codes, camp cooking, first aid to the injured, swimming and life saving, map making, different phases of nature study, use of compass, dramatics and pageants, photography, Indian sign language, tracking, trailing and stalking of game.

Heinie Groh's action in sending his signed contract to the Cincinnati club marks the end of a picturesque war of words between the infielder and Garry Herrmann, president of the club. Groh demanded \$5,600 and was offered \$4,800, and both issued ultimatum to the effect that nothing would yield. One or both did, but no announcement was made as to what salary Groh is to receive.

WET FOR DRY

To the Citizens of the City of Janesville and the Town of Rock:

The moral and economic interests of your City and your Town are so closely connected that we address the Citizens of both with reference to a plan for eliminating the saloons. Petitions are already in preparation which assure the Citizens an opportunity to express themselves at the polls on Tuesday, April third.

We propose to conduct the campaign along lines which will appeal to your good judgment. We respect every man's right to his convictions, whether he agrees with us or not. We ask only for the same consideration. Our presentations from time to time will accordingly be based on facts.

We believe the saloon to be an economic and moral loss; and we propose to offer evidence to prove it. We expect the evidence to be so conclusive that the result will be a dry vote on April third.

Several months of quiet planning have prepared the way for this public statement. As a matter of fact, for two years past, the Temperance League has been at work. It has enlisted many of the business and professional men, and has inspired this present movement. We naturally make our campaign educational in character.

Advertising will be conducted through the medium of the Newspapers, Bill-boards, slides in connection with Moving Picture exhibitions, and other methods. We believe that this is a matter of so great importance that we have a right to expect your careful attention from now until election day.

Sincerely yours,

THE FLAG.

There waves above us a flag with thirteen broad stripes of red and white—my flag and your flag—with field of blue and its stars of white, which means to this world that on this side of the Atlantic ocean exists a nation that is free and independent. Yet, my flag and your flag has been subjected to many insults in the recent days and now that our president means to insure obedience to the laws of God and of man and to the reverence for this same stars and stripes, you should be one of the first to aid.

We are American citizens, whether by adoption or by birth. Still we are certain that this flag flies for us all. Somewhere in each hour of the day and wherever it shines and the flag flies it must be respected.

This is no time for any isms or chisms, for political differences or petty bickerings over the rights or wrongs of this or that action, of any belligerent nation of the world. We must bury all personal differences and abide by the decision handed down from Washington as our doctrine.

Remember every reader who has taken the oath of allegiance to the United States that this is the time you may be called upon to vote on a local matter important to the great national issue, but upon the basis of Americanism or anti-Americanism.

It is unfortunate that some few consider that a little learning makes them wise. They forget that the old adage is that "those whom the Lord would destroy they first make mad," and consequently they fill the air with empty vapors as to what should not be done.

This class of citizens are a menace to the whole community. If war is actually upon us then we must combat this class just as the loyal citizens of the north did the southern sympathizers in the strenuous days of the Sixties. They called them "copperheads" and stamped them out as fast as they were on the poisonous reptiles of the same name.

No matter what may be your personal feelings as to the rights or wrongs of this present European war, remember this one thing, that above us all flies the stars and stripes, and that you must be loyal to the ultimate decision of the federal government as to how it must be respected.

FIGHTING IT OUT.

Apparently the legislature is going to fight out that question of a state-wide referendum on the wet or dry proposition with a fair chance of its defeat in the lower house. It is hardly possible that there are enough legislators who will listen to the soft voices of the agents that call them to vote against the measure that would give the whole state an opportunity to decide a problem that is not state-wide, but nation wide at this time. Congress has decided that states who voted favorably for prohibition should be more dry and have enacted laws to see that they are. If the great law making body of the United States takes at this question in this light, the very little brains that tried to obstruct the passage of an endorsement of the national government's attitude in the present crisis, should be swept aside. Petitions with twenty-five thousand names have already been filed urging the passage of the bill which gives the voters the right to decide for themselves what they want and move on their way. However, the big brewery agents and their satellites, the retail state organization, are apparently afraid to trust the question to a vote and would delay it if possible. Just as sure as these tactics are brought into play the wets will lose friends and it is as certain as the fact that Adam had an off on the 1918 campaign and the national campaign of 1920. Get away from the back and call of the lobbyists, you legislators, and vote as you really desire. Trust the people to decide this issue.

HONOR THE SCOUTS.

If you stop and think of the actions of youths you know belong to some of the various Boy Scout troops in the city you will discover a self-respectful, but still with a tone of distinction that these special youths feel that they have a moral responsibility resting upon their shoulders that behooves them to act and behave like little men. It may be pure imagination, scouted by the unbeliever, but it would appear they walked more easily and with more precision than others of their companions who have not yet joined the Scouts. This world-wide organization is the saving of the American youth, as it has already been of the boys of other nations. It teaches them self-reliance and the instincts of humanity that many grown men often lose sight of. It is a wonderful supplement to the school training. It gives the boys an insight into the great out-of-door life, the meeting of emergencies, how to actually exist under difficulties, the love of the birds of the air and the beasts of the land, manliness and clean living with clean thoughts and clean companions. There is nothing like close communion with nature to bring home to the thinking man or woman, the real spirit of life. It is not all toil and tribulation; there is something better, something far greater than the rush for existence and pre-eminence in social or business affairs. Nature places all mankind on a level plain and if these boys can learn the lesson of life as taught by the birds, the bees, the beasts of the field, they will have conquered life's battles before it is really begun. These many little chaps are

capable of wonderful results in future life, and the unselfish men who are devoting their energies to their betterment should be encouraged both financially and morally by the entire community. It is a great movement and one capable of wonderful development.

MARCH.

Tomorrow marks the first day of March. Will it come in like a lamb and go out like a lion, or will the many-haired lion appear and the lamb emerge at the end of the thirty-one days? We know that the ground hog was perfectly right when he decided to go back into his hole for six weeks, so this old adage about the March lion and lamb should follow. Strange how nature follows out certain lines year after year. Time was when March, or at least part of it, was considered one of the bluest of the (tur-bearing) animals and the wise sages who predicted a mild winter, one does not dare to even make suggestions.

The paper trust may think that newspapers are published for the sole purpose of making the paper-makers millionaires, but the American people have other purposes in mind when they established a free press.

The United States may pursue Villa into Mexico again, but of course it would not be considered fair to get after him until he had been given down to Mexico City as a starter.

Many people will worry, suffer needless expense, and submit to all kinds of inconveniences, when they could find just what they need by using a 25 cent newspaper want ad.

If the immigration department solves the servant problem as is hoped, our wives will no longer be compelled so shamefully to neglect their bridge game.

There is nothing new about those food riots in New York City. The chorus girls have long suffered untried on account of failure to find anyone to give them lobsters.

Among the people who think the Lenten observance is all foolishness are the many who are unfitting themselves for business success by their late hours and high living.

After a food speculator makes a hundred thousand, he is left to deserve great credit if he chips in his \$10 to help poor people who are suffering from the high prices.

ROY K. MOULTON

THE POOR NUT.
I met a man who groaned a groan
As he went on his way;
Said I, "Now tell me why you moan
And why your hair is grey?"

"Have ye lost loved ones in the wars,
Or is your wife a shrew?
Have ye large bills at all the stores?
Are these what worry you?"

Said he, "I've lost none in the wars,
My wife is not a shrew.
Nor have I bills at all the stores,
Except, of course, a few."

"Then tell me why you wag your head
And moan at such a rate.
Come tell me now, in rage I said,
'Tis growing rather late!"

And then I seized him by the ears
And shook him to and fro,
"Come now, why all these moans
And tears?"

The readers want to know!"
He turned to me a doleful eye,
His mouth did ope and shut;
Said he, "I mean this is why:
Alas! I'm off my nut!"

"This morning when I came to don
My clothes, I tried it hurt—
To put a fifteen collar on
A number sixteen shirt!"

And many sorrows, griefs and fears
Yet none of them compare with those
That every youthful urchin knows.

Pessimist: "It's unhealthful!"
Optimist: "A lot of people manage to live here."
Pessimist: "Yes, and a lot die here!"

The Hen.
Be kind and tender to the Hen.
She's nature's favorite child.
She's white or brown and then again
At times she's meek and mild.

She gives us eggs most every week,
That is her little chore.

And yet she's often mild and meek,
As we have said before.

Be kind to nature's favorite child,
She has a lot to do.
Remember that at times she's mild.
Sometimes her eggs are too!

The Daily Novelette

HIGGINS BREAKS OUT.

Joblots Higgins, a prosperous hook and eye dealer, Ketchupshire, England, grew purple in the face, threw up his hands, and stamped apoplectically around the room.

Then, growing green in the face, he threw up his feet and rolled ramantically on the floor, uttering the most fearsome cries in English.

"Til telephone for the great Dr. Spoozer," said his wife to herself. "She obeys her suggestion immediately, and in an hour and a half the great physician had finished his dinner, taken a bath and rung the Higgins's doorbell.

"What started him, Mrs. Higgins?" he asked, as he struggled to take the pulse of the foaming hook and eye dealer.

"Well," explained Mrs. Higgins, "he was looking at the gas bill, which was thirty-four dollars, more than last month's bill, and all of a sudden he broke out."

"Ah, bah," ah had the famous man of medicine. (See Lila's Proverbial.) "Eminent physicians are suffering from ah—what shall I call it?—ah, yes—gastritis!"

And thus one of the most popular ailments of modern times came into being.

FACTORY COST ACCOUNTING URGED BY MANUFACTURER

Madison, Wis., Feb. 28.—"The tendency of the progressive manufacturer is to secure accurate and dependable knowledge of the cost of their product and the cost of operating their establishment, and this tendency has been mission that it is now assuming an importance that should have been accorded it long ago."

So declares Thomas McCormick of the All-States company of Milwaukee, in an address before Wisconsin business men at the Wisconsin Commercial and Industrial Congress.

Everyday Wisdom

HAVE YOU ANY UNSORTED MUSHROOMS?

NO YOU WILL FIND THEM AT A SPORTING GOODS STORE

MUSHROOMS.

Professionalism robs mushrooms of their charm. Of course, if you like mushrooms because they are mushrooms, it is all right to have them prepared by a professional. But if you like mushrooms because they are apt to be something else, then you will find no excitement in mushrooms raised or approved by somebody who has been to college and learned all about botany.

Personally, we regret to see the passing of the amateur spirit in mushroom gathering. We like to see merry parties of old folks and children out gathering mushrooms on Sanderson's farm, or in the woods, irresponsible, laughing and singing, and gathering mushrooms without looking. "There is a mushroom or something or other," cries Little Ahnabelle, and father says "Put it in the basket, my dear, and mother will cook it for breakfast tomorrow."

There is a family with the proper mushroom spirit. Tomorrow there may be fewer in the family, or the family may be intact. It is a toss-up. That is the way to get enjoyment out of mushrooms. Of course there may be folks that like to fight sharks, or who prefer aviation, but give us mushrooms. They are the queen of quiet, refined, indoor sports.

—And risky enough to be interesting. There may be those that want professional counsel in regard to their mushrooms, but we will take ours plucked by the hand of a novice, with true amateur abandon.

We never buy mushrooms at a store because they are too apt to have undergone the scrutiny of too many knowing eyes.

HOT ARGUMENTS MARK DEFEAT FOR BOWLERS

COMMISSION AFTER LONG DELAY FINALLY THRASHES OUT PROPOSED SUNDAY ORDINANCE REVISION.

GOODMAN BACKS SPORT

Senior Councilman Voices His Reasons Why Alley and Not Pool Halls Should Be Opened.

Janesville's commissioners made a mountain out of a mole hill yesterday afternoon and this morning when it finally came right down to definite action on the matter of legalized bowling on Sunday afternoon. After several hours of freely expressed opinions which terminated at the adjourned meeting this morning, they voted, and the result was that there will be no Sabbath bowling.

Commissioner Goodman was the only councilman favoring what he termed the permitting of a clean and wholesome sport, and he came out strongly in opposing his opponents. Commissioner Roy M. Cummings refused to directly state that he was opposed to an ordinance to permit the sport on Sunday, but throughout arguments held at the point, it was the idea of changing the ordinance to which he was opposed. Mayor Fathers was strong for the referendum on this of a vote on the matter.

Why the should submit such an insignificant thing to the vote of the people was more than Commissioner Goodman could understand. "We'll be the laughing stock of the state if we do this," he said. "If the three of us can't handle such a little thing as this then we'd better get out of the city hall. We don't have to know how the people stand on the dog tax ordinance. Why should we on this?"

Commissioner Cummings' stand against changing an ordinance, he said, "The ordinance which has been on the books for fifty years. Things were different in those days. Personally, I'm opposed to do things as you are doing now. Change one day and change it the next."

"If somebody came up here trying to open the billiard alleys I'd be opposed to it first, last and forever. I tell you why. Pool and billiards in the present time in Janesville are a dead issue. Bowling is the sport now. Pool and billiard alleys draw from an entirely different element and class. It's the young fellows, lots of minors, you find in the poolroom. At the bowling alleys you don't find them. It's the men between 25 and 70 who go in for bowling. It's a clean, wholesome sport."

"If pool and billiards were at the height of popularity that bowling is, and were they patronized by the same class as is the bowling game, then I would be for opening the halls—to give everybody his entertainment."

"This ordinance is an old one, and I am in favor of keeping it as it is, times and changing it if the people want it."

As the meeting opened this morning and Mr. Goodman prepared to present the revised ordinance which contained the clause to permit bowling between the hours of 1 and 6 p. m. of Sunday, he said: "If this ordinance is passed and about the only thing to know is whether it will be the chief of police or to the city attorney, then I will come back here and instigate the move that will place the old ordinance back on the books."

Yesterday afternoon officials of the Janesville Bowling association, represented by George G. Sutherland, attended the meeting relative to opening the alleys Sunday afternoon. The meeting was held at the Southern Wisconsin and Northern Illinois tournament, planned by the bowling organization.

If this should be permitted by the commission to be an ordinance of the ordinance, City Attorney Charles H. Lange said. The commission has no way to permit the Sabbath opening except by revamping the present ordinance.

With this end in view Mr. Lange roughly drafted a clause to be inserted in the law, but because of irregularities regarding its not being in the form of a law, it was not presented at the meeting, which was just waxing hot some minutes after six o'clock last night, was suddenly brought to a close with a final adjournment until this morning to permit Mr. Lange to draw it up properly. All were willing to remain until Mr. Lange had finished his draft, but after some more discussion it was finally decided to adjourn.

Just previous to the taking up of the bowling matter yesterday afternoon, the council received a letter from D. C. Harker, president of the Rock County Sunday School association. The communication expressed Mr. Harker's personal opinion of the question and also supported to give that of a gathering of some ninety Sunday school instructors who considered the matter informally at a recent meeting and also with a definite decision. A communication was reached whereby a communication was to be addressed to the council. Mr. Harker wrote that it seemed to him that the council permit the alleys to open on Sunday afternoon for the sport.

After the proposed ordinance had been voted upon, Commissioner Goodman, addressing James Newman and officials of the bowling association who were present at the meeting, said: "I guess you'll have to submit it to the voters of the people. I have just recently learned of the real nature of the sport, and I'll manage a campaign to have it voted in at the referendum."

CHIDES MAN, 34 WHO LED MINOR GIRLS ASTRAY

Harry Page, Who Took Edgerton Girls to South Janesville Hotel, Subjected to Painful Lecture.

There was something very familiar about Harry Page's name when he came into municipal court Monday morning and was sentenced for drunkenness, but just as Judge J. C. Page could not remember nor recall to his mind until after Page had been taken to jail. Then he found out.

Page came up before him again this morning on a similar charge. And Page suffered such physical anxiety that the perspiration trickled down from his forehead and dripped from the tip of his nose in a stream.

Judge Maxfield took good opportunity to give Page one of the worst "raking over's" ever subjected to a man in municipal court.

For the first time since last July the name of the man who was linked with the taking of two minor Edgerton girls to a south Janesville hotel, and remained there for the night, after a wild automobile ride which started at Edgerton and extended over the country north of Janesville. The court said that Page was not mentioned there, but the court has it and it is in the complaint of District Attorney Dunwiddie against Frank Williams, a northwestern roadhouse, in the town of Rock.

Page said he was thirty-four. He attempted to escape the scathing anger of Judge Maxfield, but he was fired his automobile to the other man with the girls. He was caught in every false statement, and with visions of Waupun doors opening clutching the court, he gave his answers to mere admissions, claiming intoxication as his excuse.

The court chided him time and time again and made him suffer the entire trip—a lark at the time, the court told him, but now a nightmare of horror.

Page was almost a physical wreck after Judge Maxfield held up to him a series of contrasts. He was sentenced to a term of six months in the county jail.

METHODISTS SECURE PASTOR FROM DAKOTA

F. F. Lewis to Occupy Pulpit at Carthage, E. Church—Comes Most Highly Recommended.

Dr. F. F. Lewis of Watertown, South Dakota, has been appointed by the bishop of the Methodist Episcopal church to occupy the pastorate of the Carthage Methodist church, which has been vacant since the tragic death of the Reverend Francis H. Brigham last December. Dr. Lewis will be in Janesville to deliver his first sermon on Carthage tenth, a week from next Sunday.

His transfer to the local church is enthusiastically welcomed by those who know of his great work. When Dr. Lewis went to Watertown about six years ago, the church there was small and but poorly attended. Today he leaves as a memorial to his work there, an \$80,000 structure, equipped with a gymnasium, auditorium, shower baths, and every possible facility for gaining the interest of every member of the congregation.

There are nearly seven hundred members in that church, and it ranks as one of the foremost in the breadth of its activities and the field of its influence.

There are the more tangible results of six years' development under the man who will soon fill the local pastorate. Church members have been secured from all sections of the state, and the Wisconsin conference of the church was but recently completed, and his appointment to the Carthage church by the Bishop was an immediate result.

100 ATTEND FIRST RED CROSS LECTURE

Number at First Aid Course Warrant Formation of Three Study Groups.

There was a large attendance at the meeting of the Red Cross association on yesterday, about one hundred ladies being present. Mrs. Bosworth, as chairman of the first aid classes, stated that they would be divided according to enrollment, the first twenty-five enrolled belonging to the first class meeting on Monday afternoon at four o'clock, the next twenty-five to the second class meeting on Tuesday afternoon at the same hour, and the last contingent meeting on Wednesday evening. In some cases slight changes were made in the classing.

Dr. Van Kirk, by the help of illustrated charts, opened the course of first aid lectures by a general lesson on the anatomy of the body. He described the bones with the number and kind and the muscles and their attachments, together with the different kinds of joints. He described the heart and explained the connection between the arteries, capillaries and veins. He also gave a general talk on the respiratory system and the digestive apparatus, together with the connection of the skin and its uses. He then gave a few hints to first aiders on what to do in case of an accident or emergency.

A notice was given that a convention of nurses would be held in the room on Wednesday afternoon, but all who were interested could come and do hand sewing and listen to the program given. A large quantity of work had been already accomplished, but the committee is planning on other articles, so there is plenty of work for all.

Members for the chapter are earnestly desired as material must be purchased for supplies.

COMPLAINT AGAINST FATHER OF TWO GIRLS DISMISSED

After a hearing in municipal court Tuesday afternoon Judge Maxfield dismissed the complaint brought by Mary Crowley against John McCarthy, a town of Center farmer, charging that he was not a fit person to have the care of his two young daughters.

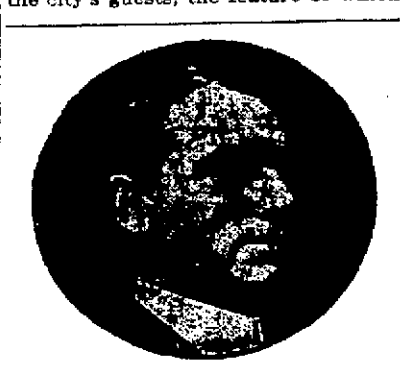

The complaint was brought by a sister of Mrs. McCarthy, who is at present not living with her husband. A divorce action was brought by Mrs. McCarthy against her husband, but was dismissed some time ago, but was denied Judge Grimm allowed six months for the couple to come to a domestic agreement. Judge Maxfield ordered the father and the plaintiff was ordered to keep away from the children altogether.

OPTOMETRISTS HERE FOR STATE MEETING

100 Delegates in Janesville for Convention Thursday and Friday—Public Banquet.

One hundred optometrists from all parts of the state will assemble in this city tomorrow for a two days' convention of the scientific section of the Wisconsin Association of Optometrists. Elaborate preparations have been made for the entertainment of the city's guests, the feature of which

R. C. AUGUSTINE who will speak at banquet tomorrow evening.

is to be a large public banquet to be given at the Grand hotel tomorrow evening at six-forty-five.

The convention opens with a business session tomorrow morning at which time Secretary W. R. C. Augustine and Dr. T. G. Atkinson of Chicago will be the principal speakers. In the afternoon the delegates will visit the school for the blind making the trip in automobiles as guests of the Commercial club.

Dr. J. H. Scholler of this city will act as toastmaster at the banquet tomorrow evening, at which R. C. Augustine, president of the Illinois optometrists will deliver the address of the evening on the "Conservation of school children and their eyes."

The banquet, while planned as a chief feature of the convention, is also of popular nature, in that the subject of the evening, "Care of Children's Eyes," is a matter of vital importance to citizens; with this realization officers of the association have opened the dinner to the public.

Dr. J. M. Johnson of Portage, the president of the association will preside at the business meetings.

FIFTEEN APPLICANTS GET SECOND PAPERS

Six Natives of Germany and Three of Austria Among Those Admitted to Citizenship Today.

Fifteen men natives of foreign lands, waited out of the court house this morning bearing citizenship certificates which indicated they were full fledged citizens of the United States. They were admitted following an examination before Judge Grimm in circuit court. Of the number six were natives of Germany, three were natives of Austria, three of Norway, two of Great Britain and one of Sweden. They were:

John A. Gunnard, Bradford; Otto P. Kirchner, Milton; Emil E. Hirschanter, Beloit; Friedrich Michaelis, Janesville; Edmond L. Lott, Janesville; Gustav L. Hirschanter, Janesville; Herman Kusch, town of Milton; Bernhard Plantikow, town of Milton; Bernhard L. Lucht, Janesville; Anton Anton, town of Milton; A. Beck, Isiah Beck and Benjamin F. Serns, all of Beloit, and Geza Dusik of Janesville.

Applications are continually being received at the clerk of court's office from natives of Germany who are anxious to know their exact status, whether they are citizens of the United States or entitled to become such. One young man who made inquiry this morning stated that he was born in Germany and came to this country with his parents as a child. He was uncertain whether his father took his second papers.

The son was 21 years of age, it would be unnecessary for the son to secure his papers. This applicant stated that he had served in the hospital corps at Jacksonville during the Spanish American war.

"I want to be sure I'm an American citizen," he declared. "If we go to war with Germany I want to fight with the United States."

FEMALE TOSSERS TO PLAY ELKHORN

Local Girls' Basketball Team Fit for Expected Strenuous Clash With Watworth County Champs.

The Blue "J" girls' basketball team have another game scheduled for tomorrow night at the high school gymnasium. Their opponents, the holding team, the Elkhorn girls' team, will be their opponents. The battle is scheduled to commence at eight o'clock sharp.

The local girls have made a commendable showing this year, considering the fact that this is the first season any have played basketball. Their greatest victory this season, while in fact really a defeat, was the holding team, the Elkhorn girls' team, to a 12 to 3 score, the smallest count and best appearance against Broadhead this season.

"J's" are Janesville high school alumnae, all members of the class of 1915, taking their team name from the colored numeral awarded to high school boys generally supreme in athletic activities.

The Elkhorn girls are to be the guests of the Janesville girls after the contest tomorrow evening.

The local team is composed of the Misses Daisy Simpson, Pearl Sullivan, Alice Gregory, Irene Lewis and Mary Riordan.

An Ancient Superstition. In throwing a piece of chalk after his men for luck as they charged the enemy an Irish colonel was but reviving a superstition which dates back to the ancient days of Thracians, where the custom originated of marking lucky days with a white stone and unlucky days with a black one. In its early youth Rome adopted the custom, and, although chalk, not being indigenous, was chiefly known as its name, Creta, implies, as an import from Crete, it was generally used for the marking of lucky days. According to Horace, the marking was done with chalk for good and coal for bad luck.—London Chronicle.

A CO-INCIDENCE?

Albert W. Atwood, financial editor of McClure's, is responsible for the statement that practically 10% of the entire population of the United States, including children, have savings accounts. Very well. And life insurance statistics show that 90% of all men over 60 years of age are dependent on others for support. The moral is so beautifully obvious. 'Tis better to be of the 10% now than of the 90% hereafter.

PLAN MOBILIZATION OF WOMEN FOR WAR

Miss Anne Morgan (top) and Miss Maude Wetmore.

A mobilization of women in home, office, farm and factory to prepare them for war duty is to be effected through a new emergency committee formed in New York and headed by Miss Maude Wetmore and Miss Anne Morgan. The new organization is known as the National League for Women's Service.

One of the most beautiful of the early lighthouses and the first tower in a sea swept position was Cordouan light on the coast of France at the entrance to the river Gironde. It was built in 1611, and although it has been remodeled, some of the original structure is still there, more than 200 feet high.

CHEERFULNESS.

The person who is blessed with a cheerful temper is a person to be envied. A cheerful temper, joined with innocence, will make beauty attractive, knowledge delightful and wit good natured. It will lighten sickness, poverty and affliction, convert ignorance into an amiable simplicity and render deformity itself agreeable.—Addison.

MARCH WILL COME IN ON A WARM WAVE

"If March comes in like a lamb, she'll go out like a lion." That's what March is going to do, according to the weather bureau, for the cold wave which the forecast has promised for March is to be short lived, and much warmer weather is promised for the balance of the week, in fact so warm that rain is included in the various kinds of weather scheduled.

TERM OF THREE MONTHS ON DRUNKENNESS CHARGE

A ninety day sentence was meted out to Fred Sherman by Judge Maxfield this morning after the man had withdrawn a not guilty plea to drunkenness charges made by Chief of Police Champion Monday. Sherman was given a stiff lecture, shown views of such places he would entertain in life, only too real, were he to be sent to Waupun and left with a declaration that he was "off whiskey for life."

Whitewater News

Whitewater, Feb. 28.—William Godfrey died at his home here Monday morning of pneumonia, at the age of seventy-eight years. For many years he lived on a farm a few miles south-west of this city, but has lived in town here for quite a number of years. Funeral arrangements will not be made until the arrival of a son from South Dakota.

George Criger, who died here suddenly Monday evening, was born in this city on November 4, 1889, and had always made his home here. His mother died when he was a small child, and his father died when he was eight years old. For ten years he made his home with Mr. P. Thiele and family. He was married in 1884 to Minnie Richlin of Milwaukee. The funeral will be Thursday and burial in Milwaukee. A sister, Mrs. Elizabeth Parker, of Janesville was here at the time of his death.

The members of the Commercial club are very interested in indoor baseball, and the gymnasium at the normal has been used for some lively practice.

Mr. and Mrs. Josh Nickerson spent Sunday with Mr. and Mrs. N. Sauter.

Mrs. Will Wagner of Palmyra spent Monday at Ed. Joffe's.

Mr. and Mrs. Fred Niquet and Dorothy left Tuesday for their new home in Beloit. Miss Florence Niquet went this morning and Maude will stay here for some time.

Mrs. Ida Caswell entertained a company of old neighbors and friends last Saturday afternoon in honor of the eighty-seventh birthday of her mother, Mrs. Roswell. Mrs. Caswell received the first of the week to her home in Chicago.

Mr. and Mrs. Earl Nickerson are visiting relatives at Albany, N. Y.

Mrs. Lulu Calkins of Richmond is spending the week with her mother, Mrs. Mary Crumb.

Dr. Charles E. Barker gave the entertainment of the lecture course here last evening. Near the close of his lecture he gave several different exercises for business men to practice, and was very interesting.

NEWVILLE

Newville, Feb. 27.—Mr. and Mrs. Lyle Marsden, who were married last week, will commence housekeeping on the groom's farm near Busseyville when they return from their wedding trip. They were married at the Catholic parsonage in Edgerton by the Rev. Father Harlin. About eighty were present at the reception which followed at the bride's home, including guests from Chicago, Janesville, Evansville and Milton Junction, besides the nearby relatives and friends. A bounteous repast was served to the guests. Clara Condon has spent most of her life in this community and her many friends here wish only happiness and come to them in their married life.

There was a good attendance at the L. A. S. at Mrs. Kreuger's on Thursday. The ladies are planning a parsonage sale in the near future.

Mr. and Mrs. L. B. Bruhn entertained at a dancing party Thursday evening.

A very pleasant time was enjoyed by about sixty people at the Max Brown home on Saturday evening, where a S. S. social was held. The entertainment of the evening was under the direction of Mrs. Edith Piers who so managed that both children and grown-ups had a good time. The most amusing event of the evening was when the gentlemen were each invited to trim a lady's hat. Then each wore his own production until the judges' decision was given in favor of L. B. Bruhn. So skillful were the men in trimming that a hat shop opened by some of them. It is safe to say that no lady in Newville will order a hat from Paris this year. The refreshments, consisting of fruit salad and cake, served under the direction of Ruth Richardson and Hazel Husen. The house was decorated with flags and patriotic colors in honor of Washington's birthday.

Mr. Puck has rented his farm for the coming year to Floyd Cook. Lee Alder, who has been in Janesville for several weeks, is now in Newville for an operation for appendicitis, being taken ill suddenly Saturday night. NEWS NOTES—MOVIELAND

Betty Schade, the scintillant, writes that she goes to the art museums and studies the paintings of the old masters to get inspirations for her dazzling gowns.

"I find Rembrandt's works very helpful, particularly when I am cast in costume parts," she says.

Of course when the script calls for bathing costume parts she studies something else.

FANNIE WARD IN "SALLY TEMPLE"

Sally Temple, the far-famed star of Drury Lane theater and of Pump Lane in which she lived, is to be immortalized upon the screen. Fannie Ward plays the title role in the adaptation of Rupert Sargent Holland's novel which will be released under the title, "The Winning of Sally Temple."

Fannie Ward has been starring in a number of purely modern roles and was last seen in "Betty to the Rescue," in which she is surrounded with an atmosphere of orange groves and gold mines. Now she goes back to the picturesque time before the American Revolution and appears in "Sally Temple," which is the first time that Miss Ward has turned back the pages of history since she started in the picture "Witchcraft," which of course had colonial New England as its setting.

ANOTHER "EXPOSE"

Charles E. Sebastian, ex-police chief and mayor of the city of Los Angeles, started work in a Hollywood studio last week in a picture, the scenario for which will be Sebastian's own life. The story, which is rumored to be called "Invisible Government," will have to do with Sebastian's arrival in the city as a boy fresh from the country, his life as a patrolman in Chinatown, his elevation to the position of chief of police and the various thrilling adventures and political intrigues through which he passed during his career in public life.

being filmed in their natural state and induced to perform their own natural antics before the camera of Raymond L. Dittmar, curator of the New York Zoological Society. Named animals only need apply. The series is to be called "The Living Book of Nature" and has been booked for fifty-two weeks at the Strand theater in New York.

Prior to his beginning production of pictures in New York Roscoe Arbuckle will make the trip east in a special car, consuming about thirty days for the trip. It is likely that Arbuckle will make his new series of pictures at the studios at Fort Lee.

Amusements

(Notices furnished by the theatres.)

MYERS THEATRE.

Nothing thus far ever filmed so vividly affords the spectator insight into modern warfare with its attendant horrors, as does "Civilization," soon to be here, for in the picture's many great battle scenes nothing but the most modern and up-to-date armament is employed. Even the aeroplanes seen in the picture are not those used customarily for exhibition purposes, but all are air machines strictly for military use. Several types of the planes are shown in "Civilization," and they include the swift scouting machine, constructed for observation work; the heavier and more cumbersome aeroplanes, designed as a raider, and from which death dealing explosives are dropped; and also the armored air fighter, whose duty it is to drive the enemy's air ships from the sky. Students of aeronautics will, therefore, find much to interest them in closely watching the fights made by the sky fighters in "Civilization."

In the picture the services of the usual exhibition machines and were content. Not so with Mr. Ince, for he was not satisfied with his performance. He has given him permission to use each of its various types of air fighting machines, and in the picture the planes seen are all guided by U. S. military aerialists.

Art Gardner of Janesville, transacted business here on Tuesday, returning to the county seat in the evening.

Mrs. Andrew Anderson, living in the town of Spring Valley, had the misfortune to fall and break her hip on Monday.

E. S. Taylor of Janesville, made a business mission to the northwestern part of the town of Spring Valley, on Monday.

The Sunday school contest that has been waged for the past three months at the M. E. church, closed last Sunday. On Monday the "stars" were counted and it was ascertained that the "Blues" had won. As a result of the contest, a Sunday school banquet will be served on the 7th inst. The party attached to the losing side is that they must do the work connected with the banquet. Plans are being made for a royal good time, and several outside speakers are expected to be present.

The Beloit city ambulance came out on Tuesday, accompanied by Dr. J. W. Keithley, and Mrs. Andrew Anderson of the town of Spring Valley, who on Monday fell and broke her hip, was taken to the "Line City," where she will be cared for at the home of her daughter, Mrs. Munger.
